

READING SUPERSTARS!

To be a 'Reading Superstar' I need to read five times to my grown up at home.

If I do this I will get a PRIZE!

In Geography we are going to be exploring the seas and the continents.

In History we are going to be thinking about the Gun Powder Plot and Victorian Britain.

In RE we are going to be thinking about the answer to the question...'what gift would I have given Jesus if He had been born in Bentley?'

In Science we are going to be thinking about electricity.

In PE we are going to be practising balancing and building up our muscles to help us to write.

Our topic is 'To Infinity and Beyond' and 'Christmas'.

In Literacy we are going to be talking about space stories and writing our own. We are going to be writing a Firework poem and we are going to be writing our letters to Santa.

When we are creating we are going to be making different things that we might see in space, for example, a rocket or an alien.

In Maths we are going to be recognising numbers to 100. We are going to be naming shapes and talking about their properties too.

PE

PE is usually on a Tuesday but due to Christmas Concert Practise we will be doing PE whenever we get the chance. Please ensure PE kits are in school all week.

Parent Sharing

The doors open at 8:45 each morning to give you time to complete a small task with your child. These are all linked to the children's learning. One Parent Share a week is always reading to help your child to be a 'READING SUPERSTAR'!
